# Woodgrain Outdoor Furniture

Elevate the style of your outdoor living space.

DuroGreen® woodgrain furniture combines the durability and low maintenance of recycled plastic lumber with the natural beauty of wood, thanks to internal woodgraining and an embossed wood texture. All our outdoor furniture is made in the USA with high-quality recycled HDPE plastic lumber requiring no yearly maintenance. Choose from a variety of woodgrain options to create the perfect outdoor oasis on your porch, balcony, or patio.

## Back Position

Choose your level of recline based on daily use. A more upright back is best for conversation and cocktail hours. A reclined back creates the optimal lounge experience, especially paired with an ottoman.
